

KEEPING OUR COMMUNITY HEALTHY

SUPERIOR DOUGLAS COUNTY FAMILY YMCA

Statewide Mask Mandate

Superior Douglas County Family YMCA

Per Governor Evers' [Executive Order 82](#), declaring a public health emergency, and corresponding [Emergency Order 1](#) requiring face coverings in the State of Wisconsin, the Superior Douglas County Family YMCA will begin requiring face coverings for individuals inside our facility beginning Saturday, August 1.

Effective **SATURDAY, AUGUST 1**, the Superior Douglas County Family YMCA is **REQUIRING** face coverings for everyone **inside** our facility except:

- Children under the age of 5
- Individuals who have trouble breathing, especially during accelerated physical exertion activities
- Those with medical conditions that prevent wearing of a face covering
- Those who have mental health conditions, sensory sensitivities or developmental disabilities
- While swimming, using aquatic facilities, or showering
- On-duty lifeguards
- While eating or drinking
- When an individual is speaking while leading an activity as long as they remain 6 feet from others

We encourage, but do not require, those **outside** our facility (athletic fields, parking lots etc.) to:

- Wear face coverings except children under the age of 5
- Maintain an appropriate distance, six feet or more, from all other parties
- Limit contact to infrequent or incidental movement within fitness activities

Please note:

- Masks will be required while indoors in our youth programs for all participants ages 5 and older. Our instructors, teachers and coaches will help children know when it is okay to remove their masks during appropriate activities
- Summer camp staff and campers (ages 5+) are required to wear face coverings unless in an activity outdoors where physical distancing is possible

Thank you for your ongoing cooperation in keeping our communities safe and healthy.
